Incident District:	ALL OVER INDIA	**Incident State:**	ALL OVER INDIA
Is it filed before any Court / State HRC	No		
Incident Details:	The Petitioner/Complainant above said cause title case respectfully submitted to the Hon'ble Commission, that there is currently a disturbing situation in the district regarding the construction of Jogulamba Gadwal District Court Complex in Telangana State, because the people of Jogulamba Gadwal District and lawyers and public associations, politicians, youth, private firm owners, etc. are all District CourtAll are rejecting the land given for the construction of the complex, survey number 360 near Pudur and Anantapur. This will lead to law and order problems in future. Law and order will be completely lacking and lawyers going to court will have no protection. There is no protection for the accused going to the court and there is no protection for the witnesses going to the court. Similarly, there may be a delay in providing proper protection to the judges because this place is far away from the district center and there is no development there Explained in detail.Therefore, the petitioner most respectfully prayer to the honorable court to consider them and investigate this case under Public Interest Litigation and if possible form a committee to resolve this issue and take the right decision. Community Leaders and Activists Join Protest The protest witnessed participation from various community leaders, including former District Library Chairman Patel Vishnuvardhan Reddy, senior leaders Angadi Basavaraj, Monesh, Jaya Simha Reddy, Noor Pasha, and many others. Youth and activists from the BRS Party also extended their support to the movement. Public Demand for Justice The advocates' demand for relocating the district court complex to a more accessible and approved location has gained unanimous public support. The Gadwal Bar Association has called for further protests and expressed gratitude to all leaders and citizens supporting their cause. Review This ongoing		

	controversy over the site allocation for the Jogulamba Gadwal District Court Complex highlights a significant lapse in administrative transparency and public engagement. The advocates' protests underscore a valid demand for appropriate infrastructure that benefits the local population. Political parties like Congress and BRS have expressed support, but effective resolution requires immediate intervention by the administration. The collective efforts of advocates, public leaders, and community activists show the potential for unity in addressing common issues. However, it remains to be seen if the government will act promptly to resolve this matter. Therefore, the petitioner most respectfully prayer to the honorable court to consider them and investigate this case under Public Interest Litigation and if possible form a committee to resolve this issue and take the right decision. And Hon'ble Justice please kindly treat a presently case as a public intrest litigations in India and allow the same in the interest of justice From yours faithfully Mr Rayapuram Moulaiah Naidu [BA LLB (LLM)] Registered Associate/Law Firm No.3/2022 Jogulamba Gadwal district Telangana state.9573436500
